## WHAT IS A NEIGHBOURHOOD PLAN?

### Background

A neighbourhood plan sets out how the community would like to see its land developed and used.

It covers issues such as where new homes and offices should be built and what they should look like.

It helps the community to set the vision for the type of development for the parish (the designated parish boundary for Catworth is shown in Appendix III).

Your views will be considered as part of Huntingdonshire District Council's (HDC's) assessment of housing and other development needs in the local area.

### Progress of the Catworth Neighbourhood Plan

The Catworth Neighbourhood Plan will be developed during 2023 and 2024. The project 'roadmap' is shown in Appendix IV.

Upon completion, a parish referendum will be organised by HDC. This is likely to take place in 2025.

In the referendum, you will be asked to vote on one question:

Do you want HDC to use the Catworth Neighbourhood Plan to decide planning applications in the parish?

In order for the Catworth Neighbourhood Plan to be adopted, a YES must be recorded by at least 50% of those who have voted. If adopted, it will form part of HDC's Local Plan and carry legal weight.

### What is the purpose of this survey?

Following the open forum held on 22 April 2023, this survey has been designed to gather more information and collate the views of all people who live, farm and own businesses within Catworth Parish.

The feedback from the open forum has been incorporated into the survey.

The results of the survey will be used to help determine:

- housing and business needs in the parish
- the green spaces and important structures that need protecting
- the facilities residents want.

### What does this survey cover?

In addition to questions specifically related to land development, the survey also seeks your views on other aspects of parish life. These questions have been included at the request of Catworth Parish Council and will form the basis of a Community Action Plan.

## SECTION 2 – HOUSING

Huntingdonshire District Council has a commitment to deliver housing growth tailored to the needs and context of the local area and to ensure sensitive development which protects and enriches the landscape and village settings.

New development has the potential to bring many benefits to Catworth:

- It may help to house both current and future generations, so that they do not need to leave the area.
- Delivering an appropriate mix of housing may help young people, elderly people and families to find accommodation that is right for them.
- It may bolster the critical mass of residents in Catworth, which will help secure existing services and may even support the introduction of new infrastructure and facilities.

There are currently 175 houses within Catworth Parish and about 375 residents (including children).

## SECTION 3 – CALL FOR SITES

The maps in Appendix I detail the sites that have been put forward by landowners and developers to Huntingdonshire District Council (HDC) for possible development as part of its 'Call for Sites' process (which opened on 29 March 2023 and closed on 7 June 2023).

The Call for Sites asked landowners to submit sites with potential for:

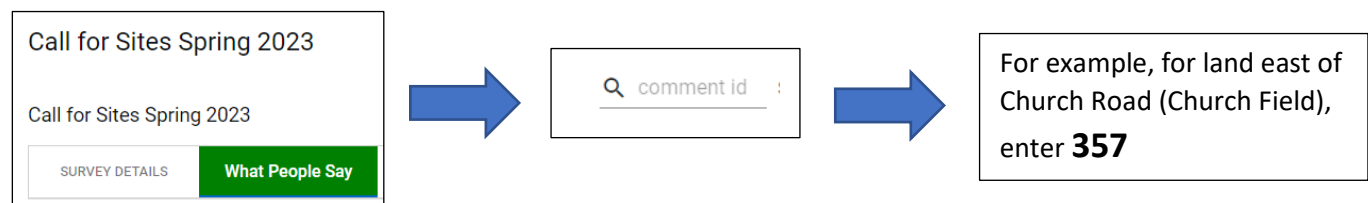

- residential use (such as housing, specialist homes, moorings and care homes)
- commercial use (such as retail, leisure, industrial and logistics)
- infrastructure (such as health uses, community facilities and renewable energy)
- open-space use (such as sports and recreation, allotments, biodiversity net gain and flooding safeguarding).

These suggested sites are not planning applications, and there is no guarantee that any of them will be allocated for development. Each of the sites will be subject to a thorough assessment by HDC to determine its suitability for development. HDC has indicated that those sites considered possible will be available for public comment in the spring of 2024.

HDC's Call for Sites website can be found at [www.huntingdonshire.gov.uk/planning/local-plan-update/call-for-sites](http://www.huntingdonshire.gov.uk/planning/local-plan-update/call-for-sites) and contains links to an interactive map and a spreadsheet of all sites submitted.

Further details of the site submissions can be found on the Consultation Portal at <https://consult.huntingdonshire.gov.uk/kse/event/37393/peoplesubmissions>

To view the submissions, type the HDC CfS reference number into the search box on this page:

## SECTION 4 – INFRASTRUCTURE

This section is about encouraging safe and sustainable movement for pedestrians, cyclists, motorists and public transport, and planning infrastructure provision (including communications infrastructure) to meet current and future needs.

Huntingdonshire District Council has a responsibility to seek improvements to transport and utility infrastructure to meet the existing and future requirements of local residents. A neighbourhood plan should therefore investigate opportunities to enable both new and, where possible, existing homes to be better served by physical infrastructure, including as appropriate improved traffic management, car parking, and pedestrian and cycle routes that preserve and create a pleasant and safe environment. Similarly, any employment growth should be supported by adequate infrastructure and services.

Mature trees add to the appearance and attractiveness of the local area and are important in combatting climate change. In Catworth Parish, there are many mature trees, some of which are nearing the end of their life. Those within the conservation area are automatically subject to tree preservation orders (TPOs).

- 10. Do you think the Catworth Neighbourhood Plan should have a policy for supporting existing and new TPOs for individual trees or groups of trees in the parish?**

## SECTION 5 – ENVIRONMENT AND HERITAGE (continued)

There are several buildings and features of historical and archaeological interest within Catworth, as well as locally important heritage assets, which should be protected. Examples include the Grade 1 listed church and its Grade 2 listed gates, evidence of medieval moated manors, ridge and furrow, and medieval clay pits which are now wildlife ponds.

Statutory listed buildings and ancient monuments are already given protection from inappropriate development by law.

**14. Do you think that the Catworth Neighbourhood Plan should require important heritage buildings and archaeological features to be identified as protected assets?**
